

DGC Invitation Day – Report

Held At Dudsbury Golf Cub

Wednesday 9th September 2020

Weather Report Fine sunny day with a slight gusty wind at times

Course Report Although the greens were rather slow, they clearly suited some of us. Lots of lush grass in the rough and, due to the many ponds and ditches, carrying a ball retriever was advised for the less straight drivers. Overall, a good day for golf.

Format 4BBB - 90% handicap Yellow Tees. First Tee 1040hrs. 15 x 4 Balls playing in 30 teams

Perpetual Trophy The MillsMobb trophy was not played for this year as all prizes were posted or handed to the winners some days after the event. COVID strikes again.

Our starter was this year's DGC Captain John Campbell who also kindly took the photographs. Reception was efficient due to the hard work of Dave Picton & Dave Baker and cards were collected by Peter Foster before Dave Picton produced the results. The staff at Dudsbury efficiently organised the bacon baps before, and the pie and chips rolling meal after, playing. Many thanks to you all for making it a great day for us and our visitors.

Many thanks go to the Captain for starting us off on time and ensuring this event was held. We are indebted to Dave Picton for all the arrangements for this event and negotiations with the Club as the pie and pint meal was a great success, again. We were lucky to be able to sit outside in glorious ☀️ sunshine in our 4 balls enjoying a meal with chips and a chat. Such small pleasures are more enjoyable in today's difficult times!

Summary

A good day's golf for DGC members who attended and due to the covid regulations only the second held this year. A very frustrating time for all, especially John Campbell in his Captains year and all DGC members who look forward to these DGC matches and events.

Next year, 2021 is our 50th Golden Anniversary and I do hope that we have a full diary of matches for members and we stride the fairways enjoying our golf in full, again.

I look forward optimistically to 2021 hoping that covid problems are resolved and all regulations are scrapped. I truly hope that this is the case but have some fears it may not be.
